**REPORT OF
THE BOARD****FINDINGS AND ORDER**

1. **Hearing Date and Place:** This matter came on for final hearing before the Virginia Gas and Oil Board (herein "Board") at 9:00 a.m. on July 20, 2010 at the Russell County Government, Conference Center, 139 Highlenad Drive in Lebanon, VA.
2. **Appearances:** Mr. Mark A Swartz, Attorneys at Law, Swartz Law Offices PLLC appeared for the Unit Operator; and Sharon M.B. Pigeon, Assistant Attorney General, was present to advise the Board.
3. **Jurisdiction and Notice:** Pursuant to Va. Code §§ 45.1-361.1 *et seq.*, and in particular Va. Code §§ 45.1-361.21 and 45.1-361.22, the Board finds that it has jurisdiction over the establishment and maintenance of an escrow account, with tract sub accounts, for each of the coalbed methane gas drilling units established by the Board through its field rules that are subject to a Board pooling order. Further, the Unit Operator is required to deposit, as applicable, those funds specified in Va. Code § 45.1-361.21.D., 45.1-361.22.A.2, 45.1-361.22.A.3 and 45.1-361.22.A.4 into the applicable escrow tract sub accounts. The Board finds that: (1) while it **does not** have jurisdiction to resolve conflicting claims to the ownership of the Coalbed Methane Gas produced by the Unit Operator from wells located on Subject Drilling Unit, and (2) while it **does not** have jurisdiction to interpret agreements by and between the Gas owners/claimants and/or the Unit Operators or to abridge or contravene the provisions of such agreements, (3) pursuant to Va. Code § 45.1-361.22.A.5, **the Board does have jurisdiction and authority to disburse funds from the Escrow Account** provided the Board has been provided with a final decision of a court of competent jurisdiction adjudicating the ownership of coalbed methane gas as between the conflicting claimants or an agreement among all claimants owning conflicting estates in the tracts in question or any undivided

interest therein. On May 25, 2010, in Civil Action No CL10-155 in the Circuit Court of Buchanan County, Judge Keary Williams entered a final order declaring Connie L. Davidson is entitled to 100% of the Royalties of her ownership in Tract 4 of gas unit Z-35, adjudicating the ownership of coalbed methane gas previously in conflict between the Charles Davidson heir and Coal Mountain Mining Company L.P.

4. **Prior Proceedings:**

- 4.1. (a) On September 16, 1997 the Board executed its order pooling interests in the Subject Drilling Unit for the production of occluded natural gas produced from coalbeds and rock strata associated therewith (herein "Gas") in accordance with the provisions of Va. Code SS 45.1-361.21 and 45.1-361.22 (herein "Pooling Order"). The Pooling Order was filed with the Clerk of the Circuit Court of Buchanan County on November, 13, 1997, Deed Book 470, and Pages 102 to 119, Instrument Number 970003154. The Board executed its Supplemental Order Regarding Elections that was filed with the Clerk of the Circuit Court of Buchanan County on April 29, 1998, Deed Book 475, Pages 329 to 335.
- 4.2. To the extent claims to the Gas were in conflict, pursuant to Va. Code S 45.1-361-22 payments attributable to said conflicting claims were ordered deposited by the Unit Operator into the escrow account established by the Pooling Orders (herein "Escrow Account"). According to the Pooling Orders and testimony, the coal estate ownership interests of Coal Mountain Mining Company LP and the gas ownership interests of the Charles Davidson heirs in Tract 4 in the Subject Drilling Unit were in conflict and became subject to the escrow requirements of the Pooling Order.
- 4.3. The Unit Operator's Miscellaneous Petition regarding Tract 4, a copy of which is attached to and made a part hereof, states under oath that Coal Mountain Mining Company LP and Connie L. Davidson, heir of Charles Davidson have received a Final Order by Judge Keary Williams from the Circuit Court of Buchanan County in Civil Action CL10-155, adjudicating the ownership of coalbed methane gas for Tract 4 in gas unit Z-35. The Final Order by Judge Williams declared Connie L. Davidson is entitled to 100% of the Royalties for Tract 4 in gas unit Z-35 and the total of previous royalties paid into escrow for Tract 4.
- 4.4. The Unit Operator gave notice to Coal Mountain Mining Company LP and Connie L. Davidson, the Board would receive and hear the Circuit Court's Final Order and take action regarding its disbursement authorization at its hearing on July 20, 2010 and consider whether to: (1) amend the Pooling Order to provide for the disbursement a portion of funds on deposit in the Escrow Account attributable to Tract 4 identified in the attached miscellaneous petition (2) delete the requirement that the Unit Operator place future royalties attributable to a portion of said Tract 4 relative to the interests of Applicants identified in the miscellaneous petition in the Escrow Account, and (3) close the escrow account under this docket number because there are no other parties under this order subject to continued payments in the escrow.
- 4.5. The Unit Operator filed the Circuit Court's Final Order in Civil Action CL10-155 and the attached accounting for Subject Drilling Unit's Escrow Account with the Board ("Accounting").

5. **Findings:**

5.1. **Va. Code 45.1-361.22.5 provides:**

The Board shall order payment of principal and accrued interests, less escrow account fees, from the escrow account to conflicting claimants within thirty days of receipt of notification of (i) a final decision of a court of competent jurisdiction adjudicating the ownership of coalbed methane gas as between them or (ii) an agreement among all claimants owning conflicting estates in the tracts in question or any undivided interest therein. The amount to be paid to the conflicting claimants shall be determined based on the percentage of ownership interest of the conflicting claimants as shown in the operator's supplemental filing made part of the pooling order that established the escrow account, the operator's records of deposits attributable to those tracts for which funds are being requested, and the records of the escrow account for the coalbed methane gas drilling unit. The interests of any cotenants who have not entered into an agreement shall remain in the escrow account.

5.2 Applicant has certified and represented to the Board that:

- (1) Coal Mountain Mining Company LP and Connie L. Davidson, heir of Charles Davidson in Tract 4, have received a decision from Judge Keary Williams and the Circuit Court of Buchanan County, Civil Action CL10-155, declaring Connie L. Davidson is entitled to 100% of royalties from the Subject Drilling Unit Z-35;

- (2) Net interests attributable and to be disbursed to Applicants are shown in **Table 1**,

6. **Relief Granted:**

For the reasons set forth in Paragraph 4 and 5 above, and based upon the Accounting and Table 1 above, the Escrow Agent is ordered to, within 10 days of receipt of this executed order to disburse funds for the unit and applicants detailed in Table 1 above.

Exhibit E to the Pooling Order, showing conflicting owners subject to escrow, is deleted and replaced with the Exhibit EE attached to this order. Further, the Supplemental Order filed in this cause is hereby modified to delete the requirement that payments attributable to the conflicting coalbed methane gas ownership interests of those applicants indicated in Table 1 be deposited by the Unit Operator into the Escrow Account, **and**, because there are **no other** owners subject to escrow under the Supplemental Order, the Escrow Agent is directed to **close** the Escrow Account for Subject Drilling Unit. To the extent not specifically granted herein, any other or further relief is denied.

7. **Conclusion:**

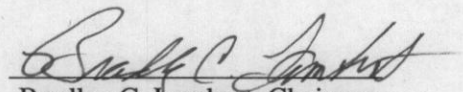

Therefore, the requested relief and all terms and provisions set forth above in Paragraph 6 above be and hereby are granted and **IT IS SO ORDERED**.

8. **Appeals:**

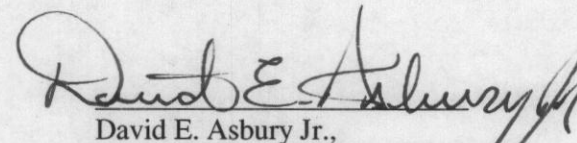

Appeals of this Order are governed by the provisions of Va. Code § 45.1-361.9 which provides that any order or decision of the Board may be appealed to the appropriate circuit court and that whenever a coal owner, coal operator, gas owner, gas operator, or operator of a gas storage field certificated by the State Corporation Commission is a party in such action, the court shall hear such appeal de novo. Because this action follows an ordered by Judge Keary Williams from the Circuit Court of Buchanan County in Civil Action CL10-155, any appeal would require further court action and appeal of Judge William's decision of May 25, 2010. Such action would be beyond the jurisdiction and state authority of the Virginia Gas and Oil Board.

9. **Effective Date:** This Order shall be effective on the date of its execution.

DONE AND EXECUTED this 2 day of August, 2010 by a majority of the Virginia Gas and Oil Board.

IN THE CIRCUIT COURT FOR THE COUNTY OF BUCHANAN

CONNIE L. DAVIDSON,

Plaintiff,

v.

COAL MOUNTAIN MINING COMPANY
LIMITED PARTNERSHIP, LLP, *et al.*

Defendants.

CIVIL ACTION NO.: CL10-155

FINAL ORDER

THIS DAY came the parties to this action, by counsel, upon the Plaintiffs' Complaint for Declaratory Judgment, pursuant to Virginia Code § 8.01-184, and represented to the Court the following findings:

1. Plaintiff, Connie L. Davidson, is the owner of all estates other than coal in certain real property described in Deed Book 316, page 805 of the Clerk's Office of the Circuit Court of Buchanan County (the "Real Estate").

2. The Defendant, Coal Mountain Mining Company Limited Partnership, LLP, ("Coal Mountain") is the successor-in-title to the interest conveyed by severance deed dated August 9, 1887, where the grantors therein conveyed coal on and under the Real Estate to the grantees therein (Deed Book D, page 29) (the "Severance Deed"). Coal Mountain owns the coal on the Real Estate together with rights incident thereto.

3. The Defendants', Island Creek Coal Company and/or Consolidation Coal Company are the lessees of certain coal rights in the Real Estate. CNX Gas Company, LLC is the lessee of gas, including coalbed methane gas and certain extraction rights in the Real Estate, under a lease from Coal Mountain.

4. For a period of years, coalbed methane has been commercially produced from the Real Estate at issue; and, pursuant to Virginia law, the royalties from the sale of such coalbed methane have been escrowed under the direction of the Virginia Oil and Gas Board pending a determination as to the ownership of the coalbed methane.

5. Generally, coalbed methane is produced either in advance of mining, as part of the mining process, following mining or independently of mining. In order to produce coalbed methane commercially, the coal seam must be fractured either by artificial means or by the mining process.

6. With regard to the Real Estate at issue, the ownership of coalbed methane is simply a question of whether it is owned by the residual owners, the Plaintiff (who has never separately severed the gas or mineral interests except for coal) or the coal owner, Coal Mountain.

7. Coalbed methane is largely attached or "adsorbed" to the coal. Accordingly, the release of coalbed methane is inherent in coal mining; and ventilation for coalbed methane in coal mines is required by law.

Based on these findings, this Court rules as follows with regard to the Real Estate at issue:

(a) The coal owner or operator has the right to expel or ventilate the coalbed methane as an incident to mining. However, such rights do not give the coal owner any ownership rights to the other mineral estates not conveyed to the coal owners.

(b) The coal owner, Coal Mountain, does not own the coalbed methane, as the Severance Deed does not expressly grant coalbed methane, natural gases, or minerals in general.

(c) To the extent of their ownership in all estates other than coal, the Plaintiff owns the coalbed methane once it is no longer adsorbed in or attached to the coal.

(d) The Plaintiff has no right to fracture the coal. However, to the extent that the coal is fractured and coalbed methane is produced (even without mining activity) and sold to third parties, the Plaintiff is entitled to be compensated as owner of the coalbed methane.

(e) The coal owner, Coal Mountain and its lessees, Island Creek Coal Company and/or Consolidation Coal Company, have the right to use spaces opened underground for purposes incidental to mining on such tracts and others. However, such rights do not give Coal Mountain or Island Creek Coal Company and/or Consolidation Coal Company ownership of other minerals in such container or void space, including coalbed methane.

(f) The Plaintiff should be compensated as owner of the coalbed methane for any coalbed methane captured and sold to third parties before, during or after the mining and venting process.

(g) This Order is a final order adjudication of the rights of the Plaintiff to the coalbed methane on the Real Estate at issue. The Plaintiff shall be paid escrowed funds and future royalties from the production of coalbed methane on the Real Estate at issue according to their interests shown in any existing or revised Pooling Order(s) by the Virginia Gas and Oil Board. Distribution of escrowed funds shall be made on or before the time period specified by Virginia law.

(h) Pursuant to Virginia Code § 45.1-361.22(5)(i), the Board shall order payment of principal and accrued interest, less escrow account fees, from the escrow account to conflicting claimants only after (i) a final decision of a court of competent jurisdiction adjudicating the ownership of coalbed methane gas as between them or (ii) an agreement among all claimants owning conflicting estates in the tract in question or any undivided interest therein. Upon receipt

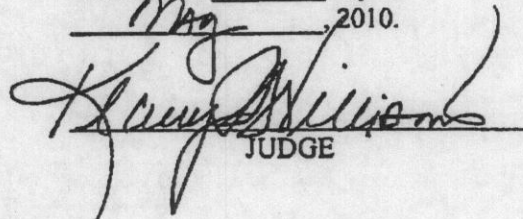

of an affidavit from conflicting claimants affirming such decision or agreement, the designated operator shall, within 30 days, file with the Board a petition for disbursement of funds on behalf of the conflicting claimants. The petition shall include a detailed accounting of all funds deposited in escrow that are subject to the proposed disbursement. The amount to be paid to the conflicting claimants shall be determined based on the percentage of ownership interest of the conflicting claimants as shown in the operator's supplemental filing made part of the pooling order that established the escrow account, the operator's records of deposits attributable to those tracts for which funds are being requested, and the records of the escrow account for the coalbed methane gas drilling unit. The petition for disbursement shall be placed on the first available Board docket. Funds shall be disbursed within 30 days after the Board decision and receipt by the Department of all documentation required by the Board. The interests of any cotenants that have not been resolved by the agreement or by judicial decision shall remain in the escrow account; and further

8. The defendants Island Creek Coal Company, Consolidation Coal Company and CNX Gas Company LLC (together "CNX") make no claim to the escrowed royalties described in the complaint or to future royalties they or any of them may pay as a result of coalbed methane gas production activities upon the lands claimed by the plaintiff as described in the complaint. Therefore, CNX has no objection to the entry of this order insofar as it adjudicates the plaintiff's entitlement to such royalties. However, the specific findings and adjudications set out in this order shall be binding upon CNX only with respect to royalties claimed by the plaintiff as described in the complaint and shall not be binding upon CNX with respect to coalbed gas or royalties from other lands, nor shall any finding or adjudication set out in this

order be used as precedent in any other case or proceeding against CNX or any of its affiliates.

9. This action is hereby **ORDERED** and shall constitute a **FINAL ORDER** of this Court; and nothing further remaining to be done in this cause, it is hereby **ORDERED** stricken from the docket and filed among the ended causes. The Clerk is requested to send a certified copy of this Order to all counsel of record.

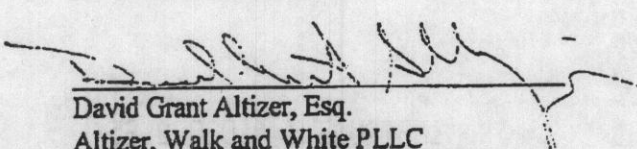

Entered this 25th day of
May, 2010.
